**Hyderabad, October 30, 2014:** Mold-Tek Technologies Limited is a pioneer and niche player in Engineering KPO Services & IT services like Cloud computing and Mobile apps (BSE Code: 526263). Located in Hyderabad, Mold-Tek specializes in Civil, Structural and Mechanical Engineering Services apart from high end IT services. Mold-Tek has a strong team of Skilled resources with world class infrastructure and skill sets complemented by **its two acquisitions in USA – Cross roads detailing Inc & RMM Global LLC Akron, OH.** Mold-Tek has five Business development offices in Europe.

Mold-Tek has 500 Engineers, and serves over 50 clients in varied verticals across North America, Europe, Asia Pacific and Middle East. Mold-Tek has consistently helped clients cut down design and development costs of Civil, Structural, Mechanical, Automobile and Plant design engineering, by 30-40% and delivered technologically superior outputs to match and exceed expectations.

Mold-Tek entered into niche IT services like Mobile apps and Cloud computing and received **Silver partner** recognition from Salesforce.com, the leading CRM in the world.

Mold-Tek has entered into **BIM-Building Information Modeling** that provides Mechanical, electrical and Plumbing 3D modeling and drafting services that are essential for high rise buildings and infrastructure projects.

**The board met on October 30, 2014 to adopt the unaudited financial results**

**Commenting on future projects**

Announcing the results, **Mr. J. Lakshmana Rao, Chairman and managing director**, said, "Improvement in US economic activity is reflected in increasing demand for our civil / structural, MES and IT services. During the year company has established its presence in cloud computing and Mobile applications, two of the "SMAC" emerging IT Technologies apart from BIM services which are expected to boost revenues and growth in coming quarters".

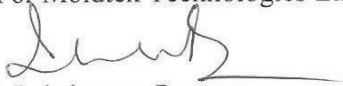

The PEMB sector which was lagging in last 5 to 6 years in showing sign of solid recovery auguring well for improving company's revenues.

All-round demand increase for engineering services and new entry into BIM and IT cloud computing should result in robust growth in revenues and profitability in the coming years.

MTTL is partnering with few European and American IT companies to enhance its reach and revenues.
